YOU AND YOUR YEAST

Some handy tips

Yeast works best when dissolved in warm water 105° to 115°F. Water at this temperature feels warm but not hot when tested on the inside of your wrist.

To dissolve yeast easily let it settle for a few seconds in the warm water before you stir.

Yeast dough needs a warm place in which to rise. Set the covered dough near but not on a range or radiator . . . or in an unlighted oven with a large pan of hot water on the shelf beneath the bowl of dough.

The "two finger test" tells you when the dough has risen enough. When the dough looks double in size, just press two fingers deeply into it for a second. If a deep dent remains, the dough is ready for the next step. If the dent fills up, let the dough rise a little longer.

Now relax and enjoy your Baking!

ITALY

 Flower and holly filled homes are the center of Christmas activity in Italy. Della Robbia Pie is inspired by Italy's gift to the world ... the dazzling fifteenth century Della Robbia wreaths. An appetizing combination of apples, maraschino cherries (maraschino cherries also originated in Italy!), nuts and dates makes Della Robbia Pie a festive conversation piece.

Panettone, originally a holiday bread, is now a year-round treat since its "discovery" by GI's during World War II. Italian panettones vary among regions but this golden-like bread is flavored with anise and fruited with citron and raisins.

DELLA ROBBI A PIE

Festive fruit-jeweled apple pie

Pastry for Two-crust 9" Pie (below)	1/2 cup coarsely chopped walnuts
4 cups pared and diced tart apples	3/4 cup sugar
1/4 cup lemon juice	1/4 cup flour, GOLD MEDAL (Regular) or GOLD MEDAL WONDRA*
1/2 cup dates, cut in pieces	1/2 tsp. salt
1/2 cup maraschino cherries, quartered	1/4 cup cream (20% butterfat)
	Della Robbia Wreath (below)

Heat oven to 425° (hot). Mix apples and lemon juice. Add remaining ingredients, except wreath, and mix well. Pour into pastry-lined pan. Cover with top crust which has slits cut in it. Seal and flute. Cover edge with 1 1/2" strip

of aluminum foil during part of baking time to prevent excessive browning. Bake 50 to 60 min. Serve garnished with Della Robbia Wreath.

PASTRY FOR TWO-CRUST 9" PIE

Measure 2 cups flour*, GOLD MEDAL (Regular) or GOLD MEDAL WONDRA and 1 tsp. salt into bowl and mix. Cut in 3/4 cup plus 2 tbsp. hydrogenated shortening thoroughly. Sprinkle with 1/4 cup water, a tbsp. at a time; mix. (Few drops of water may be added.**) Gather into ball and divide in half. Roll out on lightly floured cloth-covered board 1" larger than inverted 9" pie pan. Ease into pan.

Della Robbia Wreath—apples and pears molded from processed cheese and "blushed" with red sugar, green and red maraschino cherries and dates form a wreath on top of pie. Arrange wreath on plate; cover with SARAN WRAP and refrigerate until just just before serving.

*Do not use Self-Rising Flour in this recipe.

**Doughs made with GOLD MEDAL WONDRA may look and feel different. Work until it holds together.

SCANDINAVIAN

"Little people" visit all the Scandinavian countries to give gifts during the holiday season. St. Lucia Crown, a proud high saffron bread, would be an excellent gift in the holiday mood. Golden-sweet and fruited, it's topped with twinkling candles. Our Lucia Crown is inspired by the enchanting crown of lingonberry leaves and lighted candles worn each year by the eldest daughter of a Swedish family, in celebration of St. Lucia's Day. She serves the Lucia Saffron Buns to her family early in the morning with coffee. The scrolled Lucia Saffron Buns and the wig-shaped Vicar's Hair are traditional shapes for saffron buns.

Mix in citron, almonds, lemon rind and enough remaining flour to handle easily. Turn onto lightly floured cloth-covered board; knead until smooth, about 10 min.

Round up in greased bowl, bringing greased side up. Cover with SARAN WRAP and let rise in warm place (85°) until double, about 1½ hrs. Punch down; cut off; reserve ⅓ of dough for top braid. Divide remaining dough into thirds; shape each into a roll, 25" long. Place rolled lengths on greased baking sheet; braid. Shape braid into a circle, pinching ends to seal. Divide and shape remaining dough into 3 rolls, 16" long. Place on greased baking sheet; braid. Shape braid into a circle, pinching ends to seal. Cover with SARAN WRAP and let rise until double, about 45 min.

Heat oven to 375° (quick mod.). Bake 20 to 25 min. When cool, make holes in small braid for candles. Drizzle with Confectioners' Sugar Icing and garnish with candied cherry halves. Insert candles in prepared holes. Place small braid on top of large braid.

Confectioners' Sugar Icing: Blend 1 cup sifted confectioners' sugar with about 1 tbsp. water. If frosting seems too stiff, add a few additional drops of water.

France

 *"Bûche de Noël" is a luscious cake decorated as a yule log and traditionally served as dessert at "Le Réveillon" or midnight feast after Christmas Eve mass. For days, the women of the family lavish care on preparations for this feast. Great roasts! Delicate pâtés! Bounteous salads! And then the pièce de résistance . . . "Bûche de Noël," its rich layers filled and frosted with French Silk Frosting and the ends covered with subtle mocha to form the yule log. C'est magnifique . . . yours to enjoy now and all through the year. The cherry tarts have a French look. Flaky pastry rounds are ringed with decorative miniature cream puffs to form the tart for the baked-in cherry filling.*

BÛCHE de NOËL

French Yule Log cake for Christmas Eve

2 cups flour, GOLD MEDAL (Regular) or GOLD MEDAL WONDRA*	¾ cup shortening (half butter)
1½ cups sugar	1 cup milk
2½ tsp. baking powder	6 egg yolks
¾ tsp. salt	French Silk Frosting (below)
1½ tsp. imitation rum extract	Mocha Icing (below)

Heat oven to 350° (mod.). Grease and flour a loaf pan, 9x5x3". Mix dry ingredients in large mixer bowl; blend in rum flavoring, shorten-

ing, milk and egg yolks. Beat 3 min., medium speed on mixer or 450 vigorous strokes by hand. Pour batter into prepared pan. Bake 65 to 70 min., or until toothpick inserted in center comes out clean. Cool 10 min. in pan; turn onto rack to cool completely.

Trim off edges and top of cake to make a rounded log shape; save trimmings. Cut cake into 4 lengthwise layers. Reassemble log with French Silk Frosting between the layers. With some of the trimmings, make a "branch", 3" long and 1" in diameter; place on top of log with some of the frosting. Frost ends of the log and the "branch" with the Mocha Icing; with a fork make markings on the ends of the log. Spread the remaining French Silk Frosting on the top and sides of the log, rounding it as spread. With a fork make markings lengthwise through frosting to resemble bark. Garnish with pistachio nuts, green icing or gumdrop leaves to resemble a vine on the log, if desired.

French Silk Frosting: In mixer bowl beat 4 cups sifted confectioners' sugar, 1 cup soft butter, 1 egg, 3 sq. unsweetened chocolate (3 oz.), melted and cooled, and 1 tsp. vanilla until smooth and fluffy.

Mocha Icing: Stir together 1 cup sifted confectioners' sugar and 1 tsp. powdered instant coffee which has been dissolved in 1 tbsp. hot water. Add a few drops more water, if necessary, to make spreading consistency.

German

festive fixin's with a German flair

 In Germany, Christmas is heralded by the hanging of an evergreen Advent wreath. The women of each community (or region) pride themselves on a very, very special holiday baking. Fruited Stollen is one of these specialties.

The Black Forest Cherry Torte is the most revered of the festive recipes from the enchanting Black Forest. Heavy with whipped cream, juicy, ripe Bing cherries and sweet chocolate, this cake looks and tastes like a fairy-tale creation... maybe from Hansel and Gretel! Or maybe from St. Nicholas' magical pack of gifts!

BLACK FOREST CHERRY TORTE

A whipped cream cherry dream

- | | |
|--|--|
| 1½ cups whipping cream
(35% butterfat) | 2 tsp. baking powder |
| 3 eggs, well beaten (¾ cup) | ½ tsp. salt |
| 1 tsp. McCORMICK-
SCHILLING almond extract | Bing Cherry Filling
(below) |
| 2 cups flour, GOLD MEDAL

MEDAL WONDRA* | 2 cups whipping
cream |
| 1½ cups sugar | ½ cup sifted con-
fectioners' sugar |
| | ¼ bar sweet cooking
chocolate, grated |

Heat oven to 350° (mod.). Grease and flour two layer pans, 8 or 9x1½". Whip 1½ cups whipping cream until stiff. Fold in eggs and almond extract. Stir flour, sugar, baking powder and salt together; fold gently into egg mixture. Spread in pan. Bake 30 to 35 min., or until cake is done. Cool and fill with Bing Cherry Filling.

Bing Cherry Filling: Drain 1 can (1 lb.) Bing cherries, reserving juice. Mix 2 tbsp. cornstarch and 2 tbsp. sugar in saucepan. Add water to juice to make 1 cup. Stir into cornstarch mixture. BRITISH ISLES

festive fixin's from the British Isles

 Plum Pudding and mince pie, symbols of Christmas, are as gala as the Christmas feast itself. (Christmas Day feasting, the forerunner of our present-day Christmas dinner, was started by the jolly feasts of Henry VIII!) In centuries gone by, the traditional plum pudding was steamed for hours at the back of the fireplace. Now, use your familiar recipes for these favorites.

For some new twists inspired by British Isles favorites, Scotch Shortbread and Cheddar Cheese, try the Shortbread Tree and Cheddar Pastry Appetizers.

The Shortbread Tree is made of colored rounds of buttery shortbread. The size varies and they are then stacked to form an edible centerpiece. The appetizers are inspired by Cheddar, England's contribution to cookery. Cheese pastry in the form of wheat sheaves and kabobs. Other English-like appetizers included are the ham, cream cheese chutney rollups and the Princess Mushrooms.

SHORTBREAD TREE

Bonny centerpiece of butter-rich cookies

1½ cups soft butter 4 cups flour, **GOLD MEDAL**
 ½ cup sugar (Regular) or **GOLD MEDAL WONDRA***
McCORMICK-SCHILLING
 green and blue food coloring

Heat oven to 350° (mod.). Mix butter and sugar thoroughly. Work in the flour with hands until dough holds together. If still crumbly, work in 2 to 3 tsp. more soft butter. Divide mixture in half; color one half blue and the other half green. (Food coloring needs to be worked in with the hands.) If dough is too soft to handle, chill wrapped in SARAN WRAP. With the blue dough, pat out circles on an ungreased baking sheet: use ½ of dough for a 6" circle; ½ of remaining dough for a 5" circle; ¾ of remaining dough for a 4" circle and with the rest of the dough pat out a 2" circle.

With the green dough, pat out circles on an ungreased baking sheet: use ⅓ of dough for a 5½" circle; ½ of remaining dough for a 4½" circle; ½ of remaining dough for a 3½" circle; ⅔ of remaining dough for a 2½" circle and shape an ornament for the top of the tree with the rest of the dough.

Flute or scallop edges of circles for a "fluffy tree" effect. Make prick marks with a fork to indicate serving sections. Bake 20 to 25 min. Remove from oven; immediately cut through

the pricked serving section marks. Cool for a minute or two before removing from baking sheet; keep sections together. When cool, stack rounds beginning with largest and ending with the smallest. The third and fourth circles from the top will be green. Place ornament on top. The "tree" may be sprinkled with confectioners' sugar, if desired. Wrap in SARAN WRAP for table centerpiece.

Note: Other colors such as pink and red, red and green, etc. may be used.

Use of room temperature shortening or butter makes a more workable cookie dough.

If cookie dough is *too soft* to handle, chill wrapped in SARAN WRAP; then work with it in small portions, leaving rest of dough in refrigerator until needed.

If cookie dough is *too dry* to handle easily, work in milk or cream, a teaspoon at a time.

Doughs made with GOLD MEDAL WONDRA may look and feel different from doughs made with regular flour, just as the flour looks and feels different. Work the dough with your hands until it holds together and follow tips above.

FESTIVE DECORATIONS WITH SARAN WRAP

Grape Clusters (See photograph on page 10)
Attractive clusters of grapes, realistic and decorative, can be made of round hard candies in shades of green and purple.

Select the desired number of candy balls to make the size cluster you wish. Wrap each candy in a square of Saran Wrap, then fasten securely with a piece of thin wire, leaving a tail of wire about an inch long plus the tail of wrap.

When all the candies are wrapped, dip each piece in and out of boiling water quickly, holding by the tail of Saran Wrap. Dip only to wire. This hot bath shrinks the wrap and gives a sparkling tight cover. Group the wrapped candies together with florist tape, forming the bunch of grapes.

Artificial grape leaves may be added at the top of the arrangement to give them a natural look. Grape clusters such as these can be used as table decorations in many different arrangements. The tight cover of Saran Wrap keeps them fresh and bright.

Nut Wreaths (See photograph on page 14)
To make decorative nut wreaths, use the same wrapping technique as left. Walnuts, pecans and hazelnuts produce an attractive festive wreath. The wreath base can be either a wire coat hanger, bent into shape with pliers, or a wire wreath purchased from a local florist. Fasten about a 20-inch length of thin wire around the base of one of the wrapped nuts. Starting at the place where the coat hanger is joined, fasten the nut to the hanger; then, using the extra length of wire, continue to fasten more nuts to the wreath. Wrap the wire round and round the circle made of the hanger. The extra Saran Wrap surrounding the tail of wire acts as a cushion around the hanger to hold the nuts in place. Continue until complete. Use the same method if using a florist wreath. When wreath is completed, place frame down on clean towel and press with hands to space nuts evenly. Trim as desired. Because of the protective Saran Wrap, a nut wreath also makes an attractive outdoor decoration.
